

EU DECLARATION OF CONFORMITY

Digital Audimagen BQ S.L. declares that Berlin 1800 series models are in conformity with the following directives:

| | |
|-----------------------------------|------------|
| Electromagnetic Compatibility EMC | 2014/30/EU |
| RoHS Directive | 2011/65/EU |

In accordance with other relevant standards:

| | |
|------------------------|-------------------------------------------------------------------------------|
| EN 55032:2015/A11:2020 | Electromagnetic compatibility of multimedia equipment - Emission Requirements |
|------------------------|-------------------------------------------------------------------------------|

| | |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| EN 55035:2017/A11:2020 | Electromagnetic compatibility of multimedia equipment - Immunity requirements (Endorsed by Asociación Española de Normalización in July of 2020.) |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|

| | |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| IEC 62321-2:2021 | Determination of certain substances in electrotechnical products - Part 2: Disassembly, disjointment and mechanical sample preparation (Endorsed by Asociación Española de Normalización in November of 2021.) |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

| | |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| IEC 62321-3-1:2013 | Determination of certain substances in electrotechnical products - Part 3-1: Screening - Lead, mercury, cadmium, total chromium and total bromine by X-ray fluorescence spectrometry (Endorsed by AENOR in July of 2014.) |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

| | |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| IEC 62321-5:2013 | Determination of certain substances in electrotechnical products - Part 5: Cadmium, lead and chromium in polymers and electronics and cadmium and lead in metals by AAS, AFS, ICP-OES and ICP-MS (Endorsed by AENOR in July of 2014.) |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

| | |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| IEC 62321-6:2015 | Determination of certain substances in electrotechnical products - Part 6: Polybrominated biphenyls and polybrominated diphenyl ethers in polymers by gas chromatography-mass spectrometry (GC-MS) (Endorsed by AENOR in October of 2015.) |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

IEC 62321-7-1:2015 Determination of certain substances in electrotechnical products
- Part 7-1: Determination of the presence of hexavalent chromium (Cr(VI)) in colorless and colored corrosion-protected coatings on metals by the colorimetric method (Endorsed by AENOR in February of 2016.)

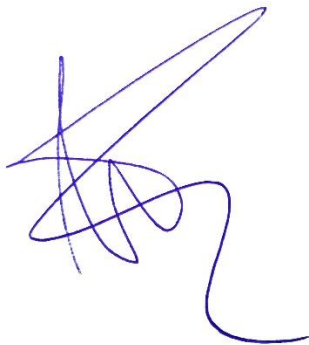

IEC 62321-7-2:2017 Determination of certain substances in electrotechnical products
- Part 7-2: Hexavalent chromium - Determination of hexavalent chromium (Cr(VI)) in polymers and electronics by the colorimetric method (Endorsed by Asociación Española de Normalización in August of 2017.)

IEC 62321-8:2017 Determination of certain substances in electrotechnical products
- Part 8: Phthalates in polymers by gas chromatography-mass spectrometry (GC-MS), gas chromatography-mass spectrometry using a pyrolyzer/thermal desorption accessory (Py/TD-GC-MS) (Endorsed by Asociación Española de Normalización in August of 2017.)

Audibax Series Models: Berlin 1800 Pack Gold, Berlin 1800 Pack Black, Berlin 1800 Pack Silver, Berlin 1800 Pro Pack Silver, Berlin 1800 Pro Pack Gold, Berlin 1800 Pro Pack Black, Berlin 1800 Pack Silver Edition, Berlin 1800 Pro Pack Silver Edition

WEEE Declaration: Electrical and electronic equipment must be disposed of separately from normal waste at the end of its operational lifetime in accordance with the respective national regulations.

Signed:

A handwritten signature in blue ink, consisting of several overlapping loops and a long, sweeping tail that curves downwards and to the right.
